1 - IDENTIFICATION

- Daniel Augusto Benitti
- Graduation Degree at *Faculdade de Medicina Universidade de São Paulo*
- Physician Residency in General Surgery at *Hospital das Clínicas at Faculdade de Medicina Universidade de São Paulo*
- Physician Residency Residência in Vascular Surgery at *Hospital das Clínicas at Faculdade de Medicina Universidade de São Paulo*
- Vascular and Endovascular Surgery Fellowship at Albany Vascular International Academy, New York, USA.
- Address:
- Telephone: +55 (11)
- Marrital Status: Married
- Nationality: Brazilian
- Birth place: São Paulo
- E-mail: drbenitti@gmail.com

2 – TEACHING ACTIVITIES

EXTRA COURSES:

III Introduction to Sport Medicine League Course, from June 14th to 18th , 1999 with 20 hours class.

II Introduction to the Esophagus, Stomach and Small Intestine Cancer Control and Prevention League Course, from March 12th to 14th , 2001 with 12 hours class, and approval at the League Introduction Test.

Introduction to the Trauma Surgery League, from May 7th to 10th , 2001 with 16 hours class.

Continued Course of Digestive Surgery HC-FMUSP, on June 9th , 2001 with 8 hours class.

III Module of the 14th Continued Updating Course on Coloproctology HCFMUSP on August 18th , 2001 with de 8 hours class.

Non Traumatic Emergency Surgeries Course at the XX University Medical Conference of *Faculdade de Medicina Universidade de São Paulo*, from September 17th to 20th, 2001 with 6 hours class.

Continued Course of Digestive Surgery HC-FMUSP, on September 22nd, 2001 with 8 hours class.

III Introduction to the Esophagus, Stomach and Small Intestine Cancer Control and Prevention League Course, from March 13th to 15th, 2002 with 12 hours class.

Continued Course of Digestive Surgery HC-FMUSP, on March 9th, 2002 with 8 hours class.

I Module of the 15th Continued Updating Course on Coloproctology HCFMUSP on April 6th, 2002 with de 8 hours class.

1st Course of Pelvic Disorders, on December 14th, 2002 at *Hospital Alemão Oswaldo Cruz* with 8 hours class.

III Introduction to the Esophagus, Stomach and Small Intestine Cancer Control and Prevention League Course Organizer in 2002.

Treasurer of the Esophagus, Stomach and Small Intestine Cancer Control and Prevention League in 2002.

Founder of the Surgery and Digestive System Laparoscopy League in 2002

Adaptation and Service Internship in 2005 at the Air Force Command - Fourth Regional Air Command

Basic Course on Ultrasound in Internal Medicine at the *de Ultra-Sonografia e Reciclagem Médica Ribeirão Preto* with a workload of 50 hours in the period from August 22nd to 26th, 2005

III Intensive Therapy Course for Residents in Surgery, sponsored by the Division of Digestive Surgery, Department of Gastroenterology - FMUSP on February 15th, 2006

11th Biennial Symposium on Cancer Urological performed in a 24 March 26, 2006

I Introductory Course to the Vascular Surgery League in the period 03-06 October 2006

II Module of the 20th Continued Updating Course in Coloproctology HCFMUSP, held on May 26, 2007

ATLS – Advanced Trauma Life Support – 30911p Course, organized under the aegis of the "American College of Surgeons", on June 23rd and 24th, 2007

II Introductory Course to the Vascular Surgery League in the period 01- 05
October 2007

Extra Internships and community activities:

Surgery staff member led by:

Prof Dr Angelita Habr-Gama

Professor Emeritus *Faculdade de Medicina da Universidade São Paulo*, former Professor in the Department of Coloproctology, *Faculdade de Medicina da Universidade São Paulo* and Director of the Division of Surgery II, *Hospital das Clinicas*,

Prof Dr Joaquim José Gama-Rodrigues

Former Professor in the Department of Digestive Surgery, *Faculdade de Medicina da Universidade São Paulo* and Chief, Division of Surgery, Hospital das Clinicas,

Prof Dr Anoi Castro Cordeiro

Former Associate Professor in the Department of Head and Neck Surgery,
Faculdade de Medicina Universidade São Paulo

Prof Dr Cláudio José Caldas Bresciani

Associate Professor, Department of Digestive Surgery, *Faculdade de Medicina Universidade São Paulo*, Head of the group of Laparoscopy Surgery of the Digestive System HCFMUSP

During the period 2000 to 2004 (second to sixth year of Medical School), performed therapeutic discussions, personal guidance of surgical interventions and pre-and postoperatively. In addition, literature surveys, selection of articles, preparation of scientific papers, writing abstracts and proofreading documents.

Student developer of the Clinical Anatomy and Topography Applied to Trauma Course, taught students at the center of training soldiers of the Military Police of São Paulo. Held on March 5, 2001 while attending the third year of medical school.

Student Course developer MCG-103 Human Topographical Anatomy Applied to Nursing, Department of Surgery, *Faculdade de Medicina Universidade São Paulo*. Held in the first half of 2001, while attending the third year of medical school.

Student developer of MCG-114 Human Topographical Anatomy Course, Department of Surgery, *Faculdade de Medicina Universidade São Paulo*. Held during the second half of 2001, while attending the third year of medical school.

Member of the League for Disease Control and Prevention of Cancer of the Esophagus, Stomach and Small Intestine during the period 2001 to 2004 (third to sixth years of the Faculty of Medicine). League under the supervision of Prof. teachers. Dr. Joaquim Gama-Rodrigues and Prof. Dr. Ivan Ceconello.

Volunteer work with the group of Prof.. Dr. Gilberto Carazzato - Chief of Sports Medicine, Hospital das Clinicas FMUSP-rehabilitation of patients with cerebral palsy during the second half of 2000 while attending the second year of medical school.

Volunteer work with Dr Moacyr Cucé Noble - Assistant Doctor at INCOR - lecturing to students in public schools to prevent drug use, alcohol and tobacco, in 2000 while attending the second year of medical school.

Rank of Second Lieutenant, of the Board of the Reserve Officers Called Non-bearing, by virtue of the Ordinance of 26th August 2005, published in the Official Gazette Diário Oficial da União of August 29th , 2005.

Approved by the “Committee on Trauma American College of Surgeons” at ATLS Course.

Aspirant Member of the Brazilian Society of Angiology and Vascular Surgery
(*Sociedade Brasileira de Angiologia e Cirurgia Vascular*), São Paulo Area.

Specialist in Vascular Surgery by the Brazilian Society of Angiology and
Vascular Surgery (*Sociedade Brasileira de Angiologia e Cirurgia Vascular*).

Author of the Course on Software Osirix for planning and measures of aortic
pathologies in partnership with the Vita-Salute Milano University.

Member of Society for Vascular Surgery since June 2012.

Member of International Society for Vascular Surgery since October 2012.

3 – SCIENTIFIC ACTIVITIES

Scientific events attendance

9th International Symposium of Scientific Initiation of the USP - SIICUSP.

Held on 7 and 8 November 2001

“*Gastrão* “Digestive System Surgery and Coloproctology Updating 2001.

Collaborating development of presentative and Memorial Lecture for Competition Professor Discipline of Digestive Surgery, *Faculdade de Medicina Universidade São Paulo* by Professor Joaquim José Gama-Rodrigues in 2002.

Organizer of the III Course Introduction to Control and Prevention of Cancer of the Esophagus, Stomach and Small Intestine League in 2002.

Lecture given for Complications postgastrectomy to the participants of Control and Prevention of Cancer of the Esophagus, Stomach and Small Intestine League on April 18th , 2002.

“*Gastrão*” Digestive System Surgery and Coloproctology Updating 2002.

Founder of the Surgery and Digestive System Laparoscopy League in 2002

Course Developer for Mechanical Sutures Laparoscopy *Gastrão* 2003.

XII International Course on Therapeutic Digestive Endoscopy 2003.

“*Gastrão*” Digestive System Surgery and Coloproctology Updating 2003.

52nd Brazilian Conference on Coloproctology 2003.

XVIII Latin American Conference on Coloproctology 2003.

Developer at “*Gastrão*”, Digestive System Surgery and Coloproctology Updating 2004.

Presented lecture on "Advanced Trauma Life Support" for medical Subdivision of Health School of Aeronautics Experts September 8th , 2005

11th Biennial Symposium on Urological Cancer promoted by *Centro de Estudos Professor Gilberto Menezes de Goes*, performed in March 24th -26th , 2006

33rd Updating Course on Surgery for the Digestive System - Gastrão 2006

34th Updating Course in Surgery of the Digestive System - Gastrão 2007

VI Meeting of Vascular Surgery, Sao Paulo - 2008

VII Meeting of São Paulo Vascular and Endovascular Surgery - 2009

VI International Conference on Endovascular Surgery and VI Brazilian Conference of Endovascular Surgery CICE 2009

XXXVIII Brazilian Conference of the Brazilian Society of Angiology and Vascular Surgery (*Sociedade Brasileira de Angiologia e Cirurgia Vascular*) in 2009.

VIII Meeting of São Paulo Vascular and Endovascular Surgery - 2010.

First Meeting of São Paulo Interactive Vascular and Endovascular Surgery - 2010. Provided speaker.

VII International Conference of Endovascular Surgery and VII Brazilian Congress of Endovascular Surgery CICE 2010
Embolation 2010.

Zenith Fenestrated Workshop 1st and 2nd November 2010.

XI Panamerican Congress on Vascular and Endovascular Surgery and IV Panamerican Venous Fórum. 2010

Lectured class "Introduction to Osirix" in the course of endovascular surgery at *Santa Casa de Misericórdia de São Paulo* in December 2010

IV International Congress Aortic Surgery and Anesthesia "How to do it" 17 e
18 Dezembro 2010. Milano - Italy

Planning and Sizing of Aortic Disease with Osirix. Milano – Italy 2010-12-27

II Controversies in Vascular and Endovascular Surgery - 2011. As an organizer
of science.

Pre-Conference Course of the VIII International Conference on Endovascular
Surgery and the VIII Brazilian Conference of Endovascular Surgery in April
2011 as a Lecturer of the "Italo-Brazilian Forum - Aortic Aneurysm (Part I):
Comparison of Experiences in Two Different Countries" with the topic
"Complex in AAA EVAR."

VIII International Congress on Endovascular Surgery and the VIII Brazilian
Conference of Endovascular Surgery in April 2011 as a Lecturer of the
"Introduction to Program Osirix Forum" with the themes "View Examinations",
"Planning and Measures" and "3D reconstruction".

Euro PCR 2011 as speaker of Scientific papers: Subclavian Artery Trauma: An Endovascular Approach. And Endovascular Treatment of Ruptured Abdominal Aortic Aneurysms: University of São Paulo Experience.

39th Brazilian Conference of Angiology and Vascular Surgery in October 2011 as a host of scientific work: Totally Implantable Valved Catheters: Experience with 350 devices.

XI Congresso Internacional de Cirurgia Endovascular e do IX Congresso Brasileiro de Cirurgia Endovascular (CICE). April 2012.

Lecture of "Osirix e a Cirurgia Endovascular" in the Meeting of Brazilian Society of Vascular Surgery. May 2012.

Paulista Congress of Surgery and XVIII Meeting of the Brazilian Society of Surgery, as discussant in the panel: "Surgeon Education". October 2012.

XII Panamerican Congress on Vascular and Endovascular Surgery as speaker of "Brazilian Protocol of Safety and Efficacy of MFM in Patients who Presents Thoraco-Abdominal Aneurysm". November 2012.

39th Annual Vascular and Endovascular Issues, Techniques and Horizons (Veith Symposium). November 2012.

III Controversies in Vascular and Endovascular Surgery as speaker of the presentation "Multilayer to treat splenic aneurysm". – January 2013.

Leipzig Interventional Course (LINC) 2013. January 2013.

ICON International Congress for Endovascular Specialists 2013 as speaker in the "International Endovascular Forum: Bringing World Knowledge to the Forefront - We Can Learn From One Another" with the presentation: "Multi-Disciplinary Cooperation in Developing an International Endovascular Program - Brazilian Experience". And "TEVAR: Addressing the Challenges and Complications" with the presentation "Early Brazilian Experience with the Multilayer Flow Modulator to Treat TAAA". February 2013.

XII Congresso Internacional de Cirurgia Endovascular e do X Congresso Brasileiro de Cirurgia Endovascular (CICE) as speaker with the presentation:

“Experiência Brasileira com o Multilayer Flow Modulator no Tratamento de Aneurismas da Aorta Toraco Abdominal”. April 2013

VIII Congreso Latinoamericano de Cirurgia Endovascular CELA y XLV Congreso Nacional de Angiologia y Cirurgia Vascular de México SMACV as speaker with the presentations: “Brazilian Experience with the Multilayer Flow Modulator to Treat TAAA” and “ The use of Multilayer Flow Modulator to Treat Thoracic Aneurysm”. July 2013

40º Congresso Brasileiro de Angiologia e Cirurgia Vascular as speaker with the presentations: “ Experiência Brasileira com o Multilayer Flow Modulator no Tratamento de Aneurismas da Aorta Toraco Abdominal” and “ Experiência Mundial com o Multilayer Flow Modulator no Tratamento de Aneurismas Arteriais”. Semptember 2013

XXII Encontro dos Ex-Estagiaários do Serviço de Cirurgia Vascular Integrada Hospital da Beneficência Portuguesa de São Paulo as speaker of the presentation: “A escolha do “bom caso” para tratamento endovascular e soluções para casos difíceis”. February 2014

ICON International Congress for Endovascular Specialists 2014 as speaker of the presentations: "International Endovascular Forum: "The Current Regional Status of Endovascular and the Roles of Endovascular Societies and Congresses - Brazilian Experience". And "Brazilian Experience with the Multilayer Flow Modulator to Treat TAAA". February 2014

New Cardiovascular Horizons America Latina as speaker of the presentation: "Brazilian Experience with the Multilayer Flow Modulator to Treat TAAA". March 2014

XIII Congresso Internacional de Cirurgia Endovascular e do XI Congresso Brasileiro de Cirurgia Endovascular (CICE) as speaker with the presentation: "Atualização dos Resultados Brasileiros com o Multilayer Flow Modulator no Tratamento de Aneurismas da Aorta Toraco Abdominal". April 2014

Endovascular Repair of Complicated Type B Aortic Dissection. Benitti DA.
ICON 2013.

4 – Residency and Preceptorship

General Surgery Residency with two years length, concluded in January 2008, at institutions affiliated to the *Faculdade de Medicina Universidade de São Paulo, Hospital das Clínicas FMUSP* and *Hospital Universitário Universidade de São Paulo*.

Vascular Surgery Residency with two years length, concluded in January 2010 at *Hospital das Clínicas FMUSP* and *Incor - Instituto do Coração*.

Preceptor Doctor for the Vascular and Endovascular Discipline at *Hospital das Clínicas FMUSP* from February 01st, 2010 to January 31st, 2011. Attended endovascular procedures, elective and urgent ones, performed at this service, thus acquiring large experience with ruptured aneurysms, dissections and aortic trauma.

Vascular and Endovascular Surgery Fellowship at Albany Vascular International Academy, New York, USA. On February 2013.

5 – ACTIVITIES

Doctor of the Clinical staff on the best Hospitals in Brazil.

Hospital do Câncer AC Camargo – as Vascular and Endovascular Surgery

Department member from 2011 to 2014.

Surgery Center Director at *Hospital Beneficência Portuguesa Campinas* from

October 2011 to February 2013.

Chief of the Vascular and Endovascular Surgery Department at *Hospital do*

Coração Campinas since March 2012.

Author and instructor of OSIRIX Software Course, teaching how to plan the

endovascular treatment of vascular diseases. Course certified by the “Osirix

Foundation”.

Brazilian Society Vascular Surgery vice-director of publications in São Paulo.

Brazilian Society Vascular Surgery chief department of Angiorradiology and

Endovascular Surgery in São Paulo.

6 – LANGUAGE SKILLS

Native of Portuguese

Fluency in English

Basic Spanish Knowledge
